Mr. C. Butler  
Butler's Epoxy Flooring Pty Ltd  
PO Box 166  
Cessnock NSW 2325

Dear Chris

We have now moved into the new cellar door and I wanted to express my thanks to you for the great job you and your team did in helping to get us there.

As you know we were on a tight schedule and the work involved a number of trades, so each trade had to work around all the others. The rectification of the flooring was an integral part of readying the building for occupation.

Since the building was previously used as an olive mill there were quite a few different concrete levels and waste holes that needed to be prepared prior to applying the epoxy floor covering. This was all accomplished with a minimum of fuss, and when the epoxy flooring went down it was a magical transformation. It became the foundation of a very classy retail environment.

My sincere thanks to you and the team.

Yours sincerely

Peter O'Meara
